A very good race, the day was cold but a lot of the snow had melted with the exception of the steep downhill to the Motorway. Helpers cleared the ice so the race could start on time. A minute silence was held in the memory of Lew Whitehead the President of Ward Green club who for 30 years had organised the race with Barnsley AC help. Lew died in May of this year and a question hangs over the race's future. After a meeting of interested people in January, the decision will be made how it will continue and when. Anyone with suggestions should contact me by e-mail and be prepared to assist.
